National Conference of State Legislators:

- **Health Reform: State Examples.** (April 2, 2010) – With the passage of federal health reform, states face numerous implementation issues. Fortunately, state examples exist for many of the national reform components, which may provide useful lessons as states continue to move forward. The NCSL web site contains information about several reform components with links to NCSL and other resources. <http://www.ncsl.org/?tabid=17691>.
