

When a Client Discharges During the Follow-Up Window

GPR Data Collection. Resource developed by UWPHI.

Client discharges outside of 5-8 month follow-up window

1 Client discharges

Client discharges from grant-funded services before or after the follow-up window.

2 Discharge interview

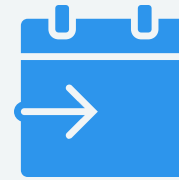

Staff complete the full discharge GPR interview with the client or an administrative discharge if no contact with the client for 30 days.

3 Follow-up interview

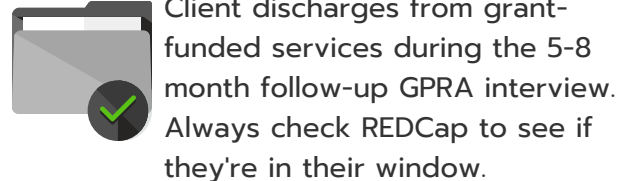

During the 5-8 month follow-up window, staff contact client and complete the full follow-up GPR interview.

Client discharges inside of 5-8 month follow-up window

1 Client discharges

Client discharges from grant-funded services during the 5-8 month follow-up GPR interview. Always check REDCap to see if they're in their window.

2 Discharge interview

Staff complete a discharge interview with the client and enter it into REDCap.

3 Follow-Up Interview

Staff start a follow-up GPR for the client in REDCap by either 1) copying responses over to a follow-up GPR or 2) complete the staff only portion and **email UWPHI TA Team to transfer responses from discharge to follow-up.**
